MEMORANDUM FOR: General Counsel

FROM: Clair E. George
Director, Office of Legislative Liaison

SUBJECT: Latest Draft of FOIA Relief Bill

REFERENCE: Memorandum to Director, Office of
Legislative Liaison from General Counsel,
dated 17 February 1984

1. Attached is the latest draft of the Freedom of Information Act relief legislation. I believe that this draft meets the principal concerns you had in your referenced memorandum. In particular, I would call your attention to the inclusion of a provision in the bill limiting the judicial remedy obtainable under any cause of action brought under this Act. I would also note that the proposal to treat organizational requests for records on themselves as first person individual requests has been dropped from this draft.

2. Please let me know as soon as possible if you have any objections.

/s/ Clair E. George
